

How to Download Camtasia once you have received license number

Step by Step

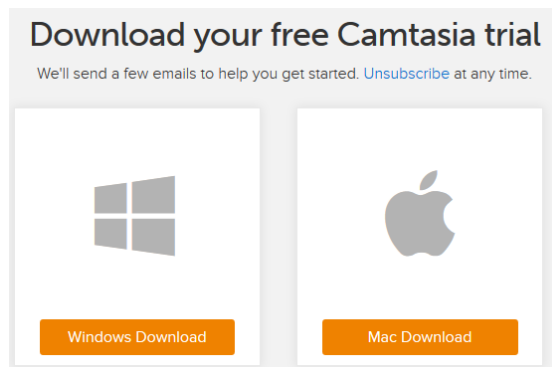

[Click Here](#), This will take you to Camtasia website. If you are new to TechSmith you will need to Create a Free Account.

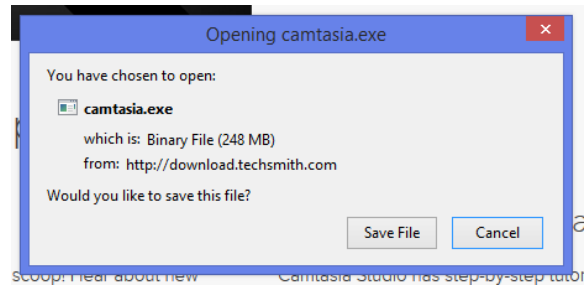

Click on the Free account and sign up.

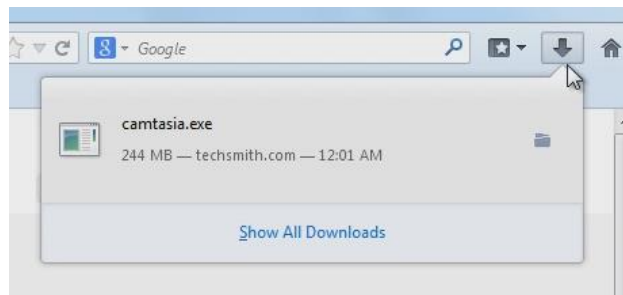

You will see the following screen. Click on Windows if you have a PC and Mac if you an Apple computer.

You will then see a pop up screen. Click on Save File.

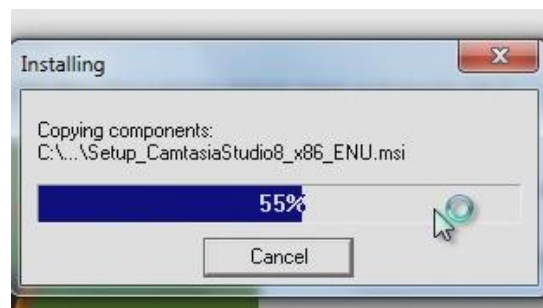

Once the download is complete open the installer.

You will then see the pop up screen, Do you want to run this file? Click Run.

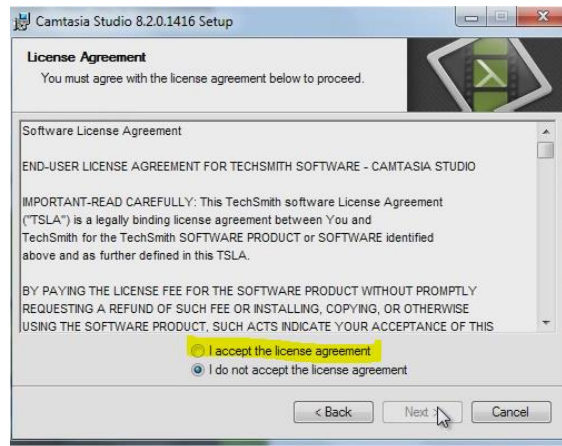

Let it Install to 100%, do not hit cancel.

When the installation is complete, you will see the following. Click the Next button.

You will now need to accept the license agreement and click Next.

Once you are done, click Finish to complete the installation process.

Once it is complete, Camtasia will open right after. (If it doesn't open, open it from your desktop) When you launch it for the first time, you will see this pop up screen. This is where we will place the license code you received.

You will need to Click on the, I have software key, Put your name and the key/license in the space and click finish.

You are now ready to begin.
